Subject index to volume 77, 1996

A

- Acaricide, effect on mite allergen concentrations 187
- Acetaminophen as cause of anaphylaxis 473
- Address, presidential 28
- Albuterol
- effectiveness of low doses in treatment of asthma A-33a [August]
 - inhaled, associated with elevation of creatine kinase from skeletal muscle 488
 - ultrasonic compared with jet nebulization of 292
- Allergens, indoor compared with outdoor 147
- Allergist as educator 341
- Allergy, ethics of practice of 28
- Anaphylaxis
- due to acetaminophen 473
 - due to bumblebee venom 308 [Abstract]
 - due to cromolyn sodium 165, 185
 - due to erythromycin 456
 - due to lentils 480
 - exercise-induced, food-dependent 491
 - idiopathic 285
 - to stone fruits in patient with allergy to latex 504
- Angioedema
- cyclic, with eosinophilia, successful pregnancy despite 497
 - myocardial infarction 101
- Antibiotics, resistance to 167
- Antihistamines 255
- adverse effects of troleandomycin compared with terfenadine 337
- Asparagus, inhalent allergy to 479 [Abstract]
- Asthma
- allergen-induced compared with exercise-induced 229
 - corticosteroid resistant 345
 - cyclosporin, for treatment of 345
 - exercise-induced, compared with allergen-induced 229
 - gold, for treatment of 345
 - immunoglobulin, intravenous, in treatment of 345
 - impact of managed care 161
 - incidence and prevalence 304
 - increased prevalence of 263
 - late phase reactions 229, 238
 - low dose albuterol in treatment of A-33a [August]
 - measurement of quality of life in patients with 438
 - methotrexate, for treatment of 345
 - monitoring with peak expiratory flow rate control chart 429

- morbidity and mortality increased in patients using tranquilizers 118 [Abstract]
- muscle weakness after mechanical ventilation for 326 [Abstract]
- occupational, responsiveness to ultrasonic nebulized distilled water of patients with 378
- perioperative management of 468
- serotonin, concentrations increased in plasma of patients with 245
- severity as perceived by patients 209
- sinusitis in patients with 6
- treatment with fluticasone propionate compared with theophylline 112
- treatment with inhaled drugs 260
- treatment with nebulized lidocaine 433 [Abstract]
- treatment with theophylline 1
- treatment with ultrasonic or jet nebulization of albuterol 292
- troleandomycin in treatment of 345

B

- Bean bag, allergy to 298
- Beclomethasone dipropionate, compared with mometasone furoate aqueous nasal spray in treatment of perennial allergic rhinitis 153
- Beekkeepers, reaction to bee and wasp stings among 423
- Benzyol benzoate, effect on mite allergen concentrations 187
- Blomia tropicalis*, cross-reactivity with *Euroglyphus maynei* 386
- Bone metabolism, lack of effect of fluticasone propionate on 318 [Abstract]
- Brompheniramine
- adverse effects compared with terfenadine 337
 - compared with terfenadine in treatment of allergic rhinitis 365
- Budesonide, effect on adrenal function 302 [Abstract]
- Bumblebee venom as cause of anaphylaxis 308 [Abstract]

C

- Care, managed, as key to quality of management of asthma 161
- Celiac disease, prevalence in IgA-deficient children 333
- Cetirizine, effect on antigen-induced tracheal

contraction in passively sensitized guinea pigs 310

- Checklist for evaluation of technique of metered dose inhaler spacer use 217
- Chemokines, inhibition by fluticasone propionate in patients with allergic rhinitis 407
- Chronic granulomatous disease in adults A-8 [Nov]
- Ciprofloxacin, adverse cutaneous reaction to 273
- Coagulation, aerosol, to enhance contaminant control 460
- Cost of antihistamines 337
- Complement, deficiency of 448
- Conjunctivitis, allergic, immunotherapy in ragweed extract 74
- Contaminants, enhancing control of 460
- Control chart for peak expiratory flow rate for monitoring of asthma 429
- Corticosteroids, intranasal 255
- Creatine kinase from skeletal muscle, elevation associated with inhaled albuterol 488
- Creola bodies in sputum from asthmatic patients 229
- Cromolyn sodium
- and nedocromil sodium, effect on ocular allergic responses in guinea pigs 124
 - as cause of anaphylaxis 165, 185
- Cross-allergenicity of *Euroglyphus maynei* and *Blomia tropicalis* 386
- Cyclosporin
- for treatment of asthma 345
- Cyclosporin A in treatment of atopic dermatitis 433 [Abstract]
- Cytokines
- inhibition by fluticasone propionate in patients with allergic rhinitis 407
 - modification of production of theophylline 34

D

- DP-1904 fails to prevent antigen-induced lung parenchyma contraction 483
- DermaPIK, compared with Duotip and bifurcated needle for prick testing 222
- Dermatitis, atopic
- response to interferon- α 400 [Abstract]
 - treatment with cyclosporin A 433 [Abstract]
- Dermatitis herpetiformis 273
- Diesel exhaust, role in respiratory disease 263
- Disease, respiratory, increased prevalence of 263
- Disodium cromoglycate as cause of anaphylaxis 185
- Duotip compared with DermaPIK and bifurcated needle for prick testing 222
- Dust, soybean, allergy to 298

E

- Editor, responsibilities of 435
- Education of physicians 341
- Egg, allergy to, production of interferon- γ and interleukin-4 by stimulated lymphocytes of children with 60
- Endoscopy, intranasal 6
- Eosinophilia, after rupture of silicone breast implants 119
- Erythema multiforme 273
- Erythromycin, as cause of anaphylaxis 456
- Ethics of medical practice 28
- Euroglyphus maynei*, cross-allergenicity with *Blomia tropicalis* 386
- Extract, encapsulated ragweed, for oral immunotherapy 132

F

- Fatigue, after rupture of silicone breast implants 119
- Fire ant, allergy to venom of 85, 87
- Fish, allergy to 48
- Fluticasone propionate
 - compared with theophylline in treatment of asthma 112
 - effect on adrenal function 302 [Abstract]
 - intranasal, inhibition of recovery of chemokines and other cytokines 407
 - lack of effect on bone metabolism 318 [Abstract]
- Food
 - allergy as cause of exercise-induced anaphylaxis 491
 - allergy to, role of thromboxane A₂ in 55
 - prevalence of allergy to 327
- Formularies, managed care, impact on practice 4
- Fruit, dried, respiratory and immunologic effects on workers 417

G

- Glucocorticoids, mechanism of action of 345
- Gold for treatment of asthma 345
- Guidelines, management 341

H

- Hippocrates, oath of 28
- Histamine, modulation of release of, by sodium potassium adenosine triphosphatase inhibition 320
- Histamine-releasing factor in skin of patients with chronic urticaria 475
- Hyperimmunoglobulinemia A, after rupture of silicone breast implant 119

- Hyperresponsiveness, airway, effect of controlled release theophylline 106

I

- IgA, deficiency of, prevalence of celiac disease with 333
- IgE
 - effect of diesel exhaust on products of 263
 - responses to infection with *Mycoplasma pneumoniae* 67
- IgG, responses to infection with *Mycoplasma pneumoniae* 67
- Immunoglobulin, intravenous, for treatment of asthma 345
- Immunotherapy, lack of effect on sCD23 282
- In memoriam (MC Harris) 509
- Indoor air quality, improvement of 460
- Infarction, myocardial, after urticaria and angioedema 101
- Infection, respiratory, impact of antibiotic resistance on treatment of 167
- Inhaler, metered dose
 - compared with Turbuhaler 297 [Abstract]
 - evaluation of technique of spacer with 217
- Inhalers 260
- Interferon- α in treatment of atopic dermatitis 400 [Abstract]
- Interferon- γ , production by lymphocytes of egg-sensitive children 60
- Interleukin-4, production by lymphocytes of egg-sensitive children to 60
- Interleukin-13 in perennial allergic rhinitis 396 [Abstract]
- Immunotherapy
 - allergy to fire ant venom 87
 - effect on soluble interleukin-2 receptor concentrations in serum 203
 - for allergic rhinitis in ragweed extract, evaluation by environmental challenge 74
 - oral with encapsulated ragweed extract 132

L

- Latex
 - allergy with cross-reactivity with peach, nectarine, and plum 504
 - hypersensitivity to 39
 - in emergency medical service providers 39
- Lentils as cause of anaphylaxis 480
- Lidocaine, nebulized, in treatment of asthma 433 [Abstract]
- Liver biopsies in rheumatoid arthritis treated by methotrexate A-8 [Nov]

M

- Mast cell, effect of degranulation of β -receptor binding 140

- Medicine, ethics in practice of 28
- Meningococemia associated with C6 deficiency 448
- Methotrexate
 - for treatment of asthma 345
 - for treatment of rheumatoid arthritis, liver biopsies A-8 [Nov]
- Mite, house dust, cross-allergenicity of 386
- Mite antigen, MHC class II restriction of T cell proliferative response to 191
- Mites, house dust, effect of benzyl benzoate on allergen concentrations 187
- Mometasone furoate, aqueous nasal spray compared with beclomethasone propionate, in treatment of perennial allergic rhinitis 153
- Mosquito
 - bite, mechanisms of allergy to 238
 - extracts, comparison of 371
- Muscle weakness after mechanical ventilation for severe asthma 326 [Abstract]
- Mycoplasma pneumoniae* 67

N

- Nebulization, ultrasonic compared with jet 292
- Nebulizers, variability of 260
- Nedocromil sodium and cromolyn sodium, effect on ocular allergy responses in guinea pigs 124

P

- Peak expiratory flow rate for monitoring asthma 429
- Peak flow meters, Mini-Wright, decreased accuracy after prolonged use A-33a [August]
- Platelet activating antagonist reduces airway hyperresponsiveness in asthma 54 [Abstract]
- Pollution, air, effect on allergic disease 263
- Pregnancy, successful, despite cyclic angioedema with eosinophilia 497

Q

- Quality of life measurement 438
- Quinolone, adverse cutaneous reactions to 273

R

- Receptor
 - β , effect of mast cell degranulation on binding to 140

IgE, lack of effect of immunotherapy on soluble fragment of 282
soluble interleukin-2, serum concentrations before and after immunotherapy 203
Rhinitis, allergic
fluticasone propionate inhibiting cytokines in 407
immunotherapy with ragweed extract 74
increased prevalence of 263
skin tests in related and unrelated patients 43
treatment of 255
treatment with brompheniramine compared with terfenadine 365
treatment with triamcinolone acetate aqueous nasal spray 277
Rhinitis, perennial allergic
interleukin-13 in 392 [Abstract]
treatment with mometasone furoate aqueous nasal spray compared with beclomethasone dipropionate 153
Rhinoscleroma 21

S

sCD23, lack of effect of immunotherapy upon 282
Samplers, bioaerosol, comparison of 401
Serotonin, concentrations increased in plasma of asthmatic patients 245
Silicone breast implants, eosinophilia, hyperimmunoglobulinemia A and fatigue after rupture of 119

Sinusitis 6, 500
Sodium potassium adenosine triphosphatase inhibition, modulating histamine release 320
Soy, allergy to 197
Spacer, evaluation of teaching in use of 217
Spacers 260
Sting, bee and wasp, reactions among beekeepers 423
Swordfish, allergy to 227
Syndrome, hypereosinophilic 177

T

T cell, MHC class II restriction of response to mite allergen 191
Tea dust, respiratory and immunologic effects on workers 417
Terfenadine
compared with brompheniramine in treatment of allergic rhinitis 337, 365
Testing
allergy, skin, comparison of devices for 222
skin, results in related and unrelated patients with allergic rhinitis 43
Theophylline 1
anti-inflammatory effects of 34
compared with fluticasone propionate in treatment with asthma 112
controlled release, effect on pulmonary function and airway hyperresponsiveness 106
Therapy, inhalation 260
Triamcinolone acetate, aqueous nasal spray 277

Thromboxane A₂
role in food allergy 55
synthetase inhibitor fails to prevent antigen-induced lung parenchyma contraction 483
Tranquilizers increase risk of fatal asthma 118 [Abstract]
Trimethoprim-sulfamethoxazole, desensitization to 394
Troleandomycin for treatment of asthma 345
Turbohaler compared with metered dose inhaler 297 [Abstract]

U

Unit, environmental exposure, for evaluation of response to immunotherapy 74
Urticaria
chronic, histamine-releasing factor in skin of patients with 475
followed by myocardial infarction 101

V

Vasculitis, urticarial 359
Venom, fire ant, hypersensitivity to 87
Vocal cord dysfunction 46 [Abstract]

W

Water, ultrasonically nebulized, bronchial responsiveness to, compared with methacholine challenge in occupational asthma 378
